REGULAR SESSION HELD BY S. A. D. 44 BOARD MONDAY

The board of directors of S. A. D. 44 met in regular session at Telstar Regional High School on Monday evening of this week.

Eddie Snyder of Andover, personnel committee chairman, was authorized to provide appropriate recognition for staff members who leave the employ of S. A. D. 44 after 20 or more years of service, either by retirement or necessity of illness.

The directors approved the issuance of a note for operating expenses at the Casco Bank and Trust Co. in the amount of \$32,000, dated June 1 and due June 7, 1973, with interest of 15%.

It was the decision of the board to renew permission enabling Our Lady of the Snows Church to conduct religious classes at Telstar. Classes are to be conducted after the regular academic day during the last week of school, and during the week following close of school.

The directors tentatively approved a statement of policy which would enable the administration to operate any Grade 1 whose enrollment exceeds 20, on a half day basis for the first semester of the school year. (Grades having more than 20 would be divided 50% a. m. - 50% p. m., these classes may be rotated on a quarterly basis.)

With regard to the salary for the recently created position of "Supervising Teacher of Physical Education and Intramurals / Coordinator of Health Education, Elementary Schools, K-6, M. S. A. D. #44," the board decided to pro rate extra days at 1/180 of the base salary of the applicant selected, not to exceed 40 extra days.

The board voted, pending job description approval, to fill the vacancies on the Telstar staff created by the resignations of Mrs. Elizabeth Tebbets, English, and Mrs. Nancy Chadbourne, Foreign Language, with a reading specialist, and a teacher skilled in instruction of Language Arts and Numbers.

The board approved a change in date of its next regular meeting from June 18 to Monday, June 25, at Telstar Regional High School, due to a conflict with a statewide superintendent's conference.

Any action on the status of teaching aides in the district was tabled until the June 25 meeting.

The board accepted the resignation of Bethel board member Mrs.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The assessors have very nearly completed their work on the real estate values. There is some more to do on personal property. We should be able to complete the office work on tax billing within a month after they are done.

The new riding mower we are using on the Common came as a part of the sewage plant equipment. We felt there was no need for the town to own two mowers for the limited amount of work we have for one so the Parks and Cemeteries Acct. will hire the machine from the Sewage Account.

The State Highway Dept. is going to pave in the area of Mill Brook as soon as they can get enough good weather. We will hire them to do what is the town's responsibility to maintain.

Inspection by T. V. of the old sewage lines has shown we have areas of very badly damaged pipe. An evaluation must be made of the system to determine how much can be salvaged and how much should be replaced.

35 ENJOY OPEN HOUSE TOUR AT SUNSET FARM, TUESDAY

On Tuesday, June 5, about 35 people took advantage of the open house tour of "Sunset Farm," the home of Mr. and Mrs. Donald Eddy. This is a most interesting and beautifully furnished home reflecting the grace and charm of the owners. The house retains many original features and the spaciousness adapted itself to the guests playing cards, scrabble, and general groupings—all enjoying a pleasant afternoon with refreshments and door prize furnished by the host and hostess.

Theodore Culbert of Oxford, Maine, won the door prize, a book "Maine Beautiful" by Wallace Nutting.

All extend sincere appreciation to Mr. and Mrs. Eddy for a most enjoyable afternoon in this gracious home. The Bethel Historical Society greatly appreciates their efforts on behalf of the Society.

Margaret Crosbie, and instructed the superintendent to notify Bethel's municipal officials of the vacancy.

GOULD ANNOUNCES \$3,250,000 ENDOWMENT CAMPAIGN

At a special dinner meeting held at the Bethel Inn on Friday, June 1, the eve of Gould's 137th commencement, the Academy's Board of Trustees announced the inception of STEP—Stability Through Endowment Program — the first capital fund raising campaign in the Academy's history.

President of the Board of Trustees William M. Throop Jr., stated that STEP's goal has been established at \$3,250,000, to be achieved by 1976, Gould's 140th Anniversary.

The primary objective of the campaign is to bring Gould's endowment level up to \$4,000,000 from its current level of approximately \$750,000. An endowment of four million would provide about \$200,000 in annual endowment income, sufficient to cover the current operating deficit of the Academy and will establish a new era of financial independence and stability for Gould.

For some forty years, the operating deficits of the Academy have been covered by gifts from the late William Bingham 2d and, since his death in 1955, by charitable trusts which he created. Gould's economic dependence upon the Bingham Trusts has been a matter of vital concern for some time to the Academy's Board of Trustees, its Administration and Faculty and to the Bingham Trusts themselves.

Gould's independence and economic viability could appear to be subject to question under these circumstances. The Bingham Trustees are so convinced that bringing the Academy's endowment to \$4,000,000 or more is essential to Gould's continued vitality, that they have committed themselves to a grant of \$2,000,000 over the five years from 1972-1976, contingent upon the Academy exercising its best efforts to raise the balance of the needed funds from other sources. Current endowment of \$750,000 plus the Bingham grant of \$2,000,000 leaves a balance of \$1,250,000 in funds to be raised.

At the conclusion of his remarks, Mr. Throop introduced the STEP Campaign's General Chairman, Lt. General (ret.) James D. Alger, General Alger, a 1936 graduate of Gould who also serves on the Academy's Board of Trustees, outlined an ambitious timetable for the coming campaign years. He emphasized that no stone will be left unturned in seeking support for the program. The Campaign Committee will seek support from Broad constituencies including alumni, parents, foundations, corporations and friends. Formal solicitation program for all these constituencies will get underway in early fall.

In his remarks, Gen. Alger stated that limited advance gifts solicitation has been conducted since the Board of Trustees voted to proceed with the campaign in June of 1972. "It has taken us most of the year to get the machinery rolling—after all, Gould has never attempted anything like this before—but, we've made a start. I'm happy to be able to tell you tonight that advance gifts of \$135,000 have already been committed toward our goal," General Alger continued. He indicated that the balance of \$1,115,000, which must be raised in slightly more than three years, was still an extremely formidable goal.

REMINDER: Bethel Historical Society meets tonight (Thursday) at 7:30 at the Casco Bank Community Room. Guest speakers are Ronald Kley and Miss Elizabeth West of the Maine State Museum staff.

CO-OP CORNER

by Cathy Littlefield

Suzi Redman, a senior, has two days a week at the Advertiser in Norway. Her work hours are 8 a. m. - 4:30 p. m. Job consists of a variety of duties, proof-reading and editing, pasting up ads, and mailing the papers and sometimes she writes an article for the paper.

Suzi likes being on the Co-op team. It has been a great experience for her. It is tiring work, but she really enjoys it and learns a lot from it.

Suzi Redman

Besides her work at the Advertiser, Suzi has been writing a column every week for the Co-op Corner. She says it's been interesting. She has met new people and learned a great deal about them.

Suzi is the daughter of Mr. and Mrs. Samuel Redman of Bryant Pond. She has an older sister, a brother who is in the Navy, and two brothers who are skiers and of course writing. She is the literary editor of the school paper and some of her poems have been published in it.

Suzi made her acting debut this year in the senior play. She had a great time and wishes that she had acted sooner. Over the summer she went to Washington, D. C. with the Library Club at the University of Maine. She was a member of the club and she had a great time.

After graduation, Suzi will be in Norway and will begin work at the Advertiser. She is not planning to go to school next fall, but she is looking forward to furthering her education in the field of journalism. Suzi's ambition is to be a freelance writer.

WORD OF THANKS

I want to express my deep appreciation to the following stage crew for their help in the "Wizard of Oz" production. The "Wizard of Oz" production was a great success and we were able to complete it in less time than we had expected. I would like to thank the following people for their help: Jim Lowe, Bonny Mills, Paul Farrar, Sound and Light, Christine Hanscom, Scott, Paula Belanger, Set change, and many others who pitched in to help as they were needed. It was what our Dance Theater is all about. Thanks to make up crew and stage angels who got the show ready and on stage on cue. Sue Farrar

Suzi Redman

Besides her work at the Advertiser-Democrat, Suzi has been writing an interview every week for the Co-op Corner. She says it's been interesting. She has met new and different people and learned a great deal about them.

Suzi is the daughter of Mr. and Mrs. Samuel Redman of Bryant, N. H. She has an older sister and a brother who is in the Navy. Her hobbies are downhill skiing, fishing and of course writing. She is the literary editor of the school newspaper and some of her poems have been published in it.

Suzi made her acting debut this year in the senior play. She had a great time and wishes that she had taken up acting sooner. Over April vacation she went to Washington, D. After graduation, Suzi will be living in Norway and will begin working full time at the Advertiser-Democrat. She is not planning to go to school next fall, but she is looking forward to furthering her education in the field of journalism. Suzi's ambition is to be a freelance writer.

WORD OF THANKS
I want to express my deep appreciation to the following stage crew who "ran their legs off" back stage to make the "Wizard of Oz" move quickly and effectively. Most shows have three set changes—this had a professional crew could not do it in less time! Eric Mackowski, Tom Stecher, Special Agent Jim Lowe, Bonny Mills, Sgt. Paul Farrar, Sound and Light Christine Hanscom, Scott and Paula Belanger. Set changes and many others who pitched in helped as they were needed—what a great team! Our Dance Theater is about to make up crew and set stage angels" who got the show ready and on stage on cue.

MAGALLOWAY

— Mrs. Bessie Harvey, Corres. —

Mrs. Iver Johnstone was taken suddenly ill on Sunday at the home of Mrs. Gwen Littlehale and went back to the Colebrook Hospital by ambulance. She had seemed to be recovering from her previous illness very well.

Mrs. Hazel Harvey is a little better at the Berlin Hospital.

Mr. and Mrs. Burman Francis of Norway spent the week end at their cabin in Wilson's Mills.

Mrs. Judith Albert of Portsmouth, N. H., with Crystal, Michelle and Paul are staying with her parents, Mr. and Mrs. Mark Harvey for a few days. Michelle will stay for awhile.

Ernest Hinkley of Magalloway and Miss Roseanna Carey of Windham, visited his parents, Mr. and Mrs. Philip Hinkley Sunday. Ernest is doing carpentering in Portland.

Maurice Parsons and Philip Hinkley have finished painting the Magalloway Town Hall.

The State road construction is going along well in Magalloway.

deferred

Mrs. Florence Janelle of Natick, Mass., with several friends and relatives was at her house in Wilson's Mills over the past week end.

Mr. and Mrs. Charles Carpenter of West Lebanon, N. H., were at their camp "Riverside" at Magalloway, for the week end.

Mr. and Mrs. Russell Bennett, their two children, Wendy and Stephen, and Russell's father, Leon, spent the holiday week end at their log cabin in Wilson's Mills.

Lee Sykes of Cape Elizabeth was at his camp in Magalloway lately.

Mr. and Mrs. Stephen Abbott and Stephen Jr., of Long Beach, Calif., spent Monday with me. We, with his brother Frederick and family of Grovelton, went to both the Magalloway and Wentworth Location cemeteries in the afternoon. Stephen has a camper trailer and they went to Grovelton for two days, then are coming back here. He had not been here before for 10 years and is going to Maine to visit a brother and sisters, then plans to start home on the 10th of June. Both cemeteries looked very nice.

Bruce McGinley of Hooksett, N. H., and family stayed with his parents over the holiday week end.

Mrs. Bertha West spent two days in Milan with her daughter, Mrs. Florence Balsar, last week.

Mrs. Addie Lancaster called on me Saturday morning.

The weather is very bad with a lot of rain and cold with frost in the mornings.

C. B. MONITORS MEET

The Bethel C. B. Monitors met June 5 with 10 members present. Vice President Frank Hunt advised members that President Oakley Godwin was in the hospital and a get-well card was passed for the members to sign.

The May 27 coffee break was discussed and everyone agreed that it was a worthwhile project to put their time into, giving tired motorists a break, and aiding in a little traffic safety.

As plans were being made for Molloy's Day, it was decided that there probably would not be a coffee break over the July 4th holiday. It was voted to give a \$10 donation to Dollars for Scholars.

The club would like to notify all interested parties that they are available for communications for area events when given enough advance notice to make the necessary arrangements.

CARD OF THANKS
I wish to express my sincere thanks to my family, friends, the nurses, and especially to Dr. Harper for all the kindness that was shown me during my stay in Norway Hospital.
Thank you,
Mrs. Hazel Berryment

SOUTH WOODSTOCK

— Mrs. Olive Davis, Corres. —

Open house for Mr. and Mrs. Don Demarest, who will be celebrating their 25th wedding anniversary, will be held at the home of Mr. and Mrs. Roland Dunham, West Paris, on June 10, from 2 p. m. to 4 p. m. All their friends are invited.

What has happened this week? Rain as far as we are concerned seemed to black everything for all who wished to plant. June 1 being a sunny morning, promises two weeks of better weather. We all need it to get started on our gardens.

Mr. and Mrs. Ellis Davis, Mr. and Mrs. Leslie Bryant and Charles Gibbs were in Augusta Saturday.

Friday night Mr. and Mrs. Ellis Davis, Verna Swan and Mr. and Mrs. Carl Brooks attended Hobo Night at Oxford Grange. A supper for Hobos was served before the meeting. It was an hilarious occasion and enjoyed by all.

Terri Campbell was tendered a surprise bridal shower by Tracey Piawlock and her mother, Mrs. Vernon Poland, Sunday afternoon from 3:30 to 5 p. m. at Mrs. Poland's home when many friends and relatives came to wish her well. She had many gifts for her kitchen as well as silver, a set of dishes, glasses with pitcher, dish towels, bath towels, holders, some small kitchen utensils which are necessary, pie plates, cake and cookie tins, a drawn in rug, Bread box with canister set, a set of bowls for cooking and many, many more articles all useful.

Refreshments were served by the hostesses. The cake was cut by Terri Campbell which was made in her honor. The wedding will take place in July.

GREENWOOD CITY

Mrs. Collis Morgan, Corrae, — June 4, and wouldn't it be wonderful if once again we could forget the rain for a time and see the quiet against this superb landscape? We'd like to see the shadows be in the valley as the sun tipped the crest of the mountains. June, the month of many things, has its own tranquility. It's a time of growth and the coming of summer. There is the fragrance of the apple-valley, the mist of which hangs over the grass grow. Everything is in its top greenness with shades of odors blended into

"thickly grow the tangled flowers along the river's edge, sweetly twine the roses through the lattice of the hedge." Patience Strong

June called the "month of roses" though the best of bloom may not come until July. June is a time of wild strawberries, red and juicy. June with new mown hay as fragrant as lilacs, dewy on a May morn.

Yes, June is many things. We see it brings sun with rays to penetrate into every crevice of earth. We'll go to bed with warm blankets while outside the sun gleams on the dark mass of woods and makes a path across the hills to the hills far beyond.

The frogs' voices still float through the open window but now, as loud as a month ago. We hear a croak deep in the throat, an echo in a higher note, then again the croak as if Froggie had tried to clear his throat.

Right now we are a bit tired of seeing these little dimples of rain falling the surface of the pond after day.

Between rains I have been busy with seedlings, gardens, and lawns. I did go fishing one day in hour.

Here, though, I can always find something of interest. There is the shimmering beauty of the landscape, certain groups of trees, certain curves of the hills, and the store which is disclosed to town day to day with charm.

Across the apple trees with blossoms and the dandelions with fluff so beautiful in themselves and helpful in their promise.

Michael Hawthorne said, "Happiness is a butterfly, which, when it is always just beyond your grasp but which, if you will sit quietly, may light upon you."

I worked in the garden one afternoon furnished me music. The pileated woodpecker made the picture with his "kok-kok-kok" I hurried for my binoculars caught only a glimpse of great size and sweeping wings. He kept his noise going for

some time from a distance up in the wood. I went back to my gardening and left him to look away.

Next week I hope for sunshine and a hike to the forest. "The woodland's filled with beauty at this summer time of year. Its glory is around us, making God seem very near. The voices of His creatures sound like music in the air, and the sun in all her brilliance shines on blossoms everywhere. From the crimson of a wild rose, To the tiny violet trembling. As a soft breeze whispers by, The earth spreads forth her glory For all mankind to see. A living majestic portrait, Of peace and tranquility." Shirley Sallay

The Girl Scouts held their Camporee here this week end. The weather was cool but otherwise favored them. Mr. and Mrs. Franze Mills were at their camp one day to repair damages. David Holt has finished his studies at U. of M. Orono and has returned home for the summer. The Holts have made several trips to the Stephen's Memorial Hospital this week to see their aunt, Nettie Chase, who is a patient there.

We enjoyed Edith Labbe's article on Col. Charles Wellington Furlong who at times visited the George Cole family here and at one time met with us at our community club. This is her second article on the Furlongs of our own Patch Mountain. The first was on Col. C. W. Furlong's father, Atherton B. Furlong which, also, was in the "Lewiston Evening Journal". Mr. and Mrs. Leonas Holt visited their son, Robert and family in Windor on Sunday. Several from here attended the baseball game in Boston on Sunday.
